

## **Sprint 5 - Review**

Dear Team,

To ensure a productive Sprint Review meeting, please follow these preparation steps:

1. Trello Board Status:
  - Everything is up to date
2. Time Spent by Each Team Member:
  - Provide an update on the time spent by each team member on their respective tasks.
  - Sprint 5 - time tracker:
    - Ricardo de Sousa - 10:10
    - Saku Heinonen - 2:50
    - Vicheata Chea - 7:45
3. Sprint 5 Backlog Status:
  - Review the Sprint 5 backlog and prepare to report on the following:
    - User Stories planned to be completed for sprint 5: 7
    - Completed User Stories: 6
    - In-Progress User Stories: 0
    - Postponed User Stories: 1
4. Obstacles Encountered:
  - Identify and document any obstacles or challenges the team faced during the sprint:
  - Be prepared to discuss how these obstacles were managed or if they remain unresolved.

Please have all updates and data ready before the meeting to ensure an efficient review. If you have any questions, reach out to the Scrum Master.

Best,

Group 9

Scrum Master

## **Sprint 6 - Planning**

Scrum master for Sprint 6 is Ricardo de Sousa.

User stories to be implemented in Sprint 6:

1. As a developer, I want to perform a statistical code review on the view so that I know the UI code is clean and efficient.
2. As a developer, I want to perform a statistical code review on the model so that I can ensure that the application logic is clear and efficient.
3. As a developer, I want to plan the acceptance test, so that I know the product is ready to be tested by the customer.
4. As a Developer, I want to clean up the model code according to the code review, so that I know that it's efficient, clean and there are no redundancies.
5. As a Developer, I want to clean the view code according to the code review, so that it's clean and efficient.
6. As a developer, I need to prepare the database, so that it handles multilingual data.
