Sprint 7 - Review

Dear Team,

To ensure a productive Sprint Review meeting, please follow these preparation steps:

1. Trello Board Status:
   ○ Everything is up to date

2. Time Spent by Each Team Member:
   ○ Provide an update on the time spent by each team member on their respective tasks.
   ○ Sprint 7 - time tracker:
     ■ Ricardo de Sousa - 8:00
     ■ Saku Heinonen - 10:35
     ■ Vicheata Chea - 4:30

3. Sprint 7 Backlog Status:
   ○ Review the Sprint 7 backlog and prepare to report on the following:
     ■ User Stories planned to be completed for sprint 7: 5
     ■ Completed User Stories: 5
     ■ In-Progress User Stories: 0
     ■ Postponed User Stories: 0

4. Obstacles Encountered:
   ○ Identify and document any obstacles or challenges the team faced during the sprint: No issues.
   ○ Be prepared to discuss how these obstacles were managed or if they remain unresolved.

Please have all updates and data ready before the meeting to ensure an efficient review. If you have any questions, reach out to the Scrum Master.
Best,
Group 9
Scrum Master

Sprint 8 - Planning

Scrum master for Sprint 8 is Saku Heinonen.

User stories to be implemented in Sprint 8:

1. As a developer, I want to write the documentation necessary to support the application, so that any user can use the application with ease.
2. As a project manager, I want to create the final presentation for this project, so that I can showcase to the stakeholders what has been achieved.
3. As a developer, I want to fix the worst issues found during testing, so that the application is simple, intuitive and fully functional for any user.
